CURRENT LANDSCAPE

4,853.4 billion VND

According to Ministry of Information and Communications, revenue of cybersecurity industry in 2022 is estimated at 4,853.4 billion VND, up 26.15 percent compared to 2021, reaching the plan set out in 2022.

63 percent

According to Security Outcomes Report from Cisco (12/2022), resilience has emerged as a top priority in Vietnam's enterprises as a staggering 63 percent of organizations surveyed said they had experienced a security event that impacted business in the past two years. The leading types of incidents were distributed denial of service attacks (71 percent), network or data breach (64 percent), network or system outage (55 percent), and ransomware event (52 percent). (Cisco)

21.2 trillion VND

In 2022, the damage caused by computer viruses to Vietnamese users is 21.2 trillion VND (equivalent to 883 million USD). (Bkav)

10.5 Trillion USD

Global cybercrime damage predicted to hit 10.5 Trillion USD annually by 2025. (Cybersecurity Ventures)

43 billion USD

Vietnam's digital economy is projected to exceed 43 billion USD by 2025 as the country continues to pursue projects in e-government, IOT, smart cities, financial technology, AI etc. With cyberspace blurring regional and national boundaries, Vietnam will likely face an increase in cyber threats, and sophisticated attacks. (PwC)

123.3 billion USD

According to a comprehensive market report by MRA, the cloud security market is expected to reach 123.3 billion USD by 2032 at a CAGR of about 24.4%. (Report "Cloud Security Market Information by Deployment, Types, End-user- Forecast to 2032", MRA)

100 million people

According to Mr. Nguyen Huy Dung, Deputy Minister of Information and Communications, Vietnam has a need to protect cyber security for 100 million people, more than 3,000 important information systems of Party and State agencies, more than 1 million businesses, 5 million business households, 26 million households, 14,000 healthcare facilities and 44,000 schools, and many other agencies and organizations.

350 million USD

Assessing the potential of Vietnam's security market, market research company Statista forecasts that the information security market will grow significantly, reaching about 350 million USD. Compared to the region, Vietnam's cyberinformation security market size is predicted to rank first in ASEAN with a compound annual growth rate of 16% from 2015 to 2025. (Statista)

MR. NGUYEN HUY DUNG

Vice Minister,
Ministry of Information and
Communications

"I had wonderful experiences while joining this event! The quality of the conference was all good with outstanding speakers, superior interpretation, great networking opportunities, etc. This event contributed to raising awareness of each organization, business, and people about the necessity of cyber security and helped to find the right solutions to deal with such threats of cyberspace in the coming time."

MR. LE QUANG HA

Deputy CEO,
Viettel Cyber Security

"I was astonished by how professionally IEC Group organized the Summit and by how many outstanding speakers, presentations, and in-depth security topics there were at the conferences."

MR. ROBERT LAURIE

Enterprise Security Architect,
David Lynas Consulting (DLC)

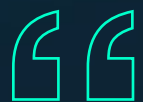

"This year's event exceeded my expectations in terms of quality. The conference room was packed with many participants and we started having a lot of captivating conversations to share our knowledge. Vietnam Security Summit 2022 left a remarkable impression on my mind. I am ready to attend and offer bigger sponsorships next year."

MR. VU ANH TIEN

Industry Principal - Cybersecurity,
Frost & Sullivan

"I think the organizers did a good job. There were a lot of booths and they were all professional. I have participated in many exhibitions but this event's expo has left the deepest impression because many people attended and were willing to stay to listen to the conference sessions."

WHAT'S NEW IN 2023

Proudly hosted by the Ministry of Information and Communications and co-organized by the Authority of Information Security (MIC) and IEC Group, the fifth annual summit will be held at Sheraton Saigon Hotel, Ho Chi Minh City on June 1st - June 2nd, 2023 containing a Keynotes session & 03 Conference Sessions and an International Exposition.

Featuring the theme "DIGITAL SECURITY: PROTECTING ONLINE PRESENCE IN THE DIGITAL WORLD", Vietnam Security Summit 2023 provides delegates with an insight into the establishment and development of growing concerns in the cybersecurity landscape such as cloud security, application & data security, identity & access management, etc. For the purpose of diving deep into the latest cyber-crime trends and solutions, the summit is promised to portray a detailed picture of how policymakers, top-rated companies, and key players deal with potential risks in the ever-changing cyber world. Get ready to learn & earn from over 800 domestic and international enterprises, shall we?

Running in parallel with the conference, here comes our grandiose display of top-of-the-line security services and products. Bringing together 40 tech giants in security, our vibrant International Expo offers an abundance of the latest advancements in the battle against next-gen cyber challenges, namely Data Loss Prevention, Data Breach Services, Cloud Security, IoT/5G Security, Mobile Security, Application Security, Endpoint Security, CNAPP, DDoS, XDR, Phishing, Ransomware, IT/OT Security, ICS Security, SOC/SIEM, IAM/PAM etc.

CONFERENCE HIGHLIGHTS

Vietnam Security Summit 2023 conferences will be based around 3 key areas: Cloud Security, Application & Data Security and Identity & Access Management.

DIGITAL SECURITY
protecting online presence in the digital world

08:00 – 12:00: KEYNOTES

DIGITAL SECURITY: PROTECTING ONLINE PRESENCE IN THE DIGITAL WORLD

FEATURED TOPICS

Cyber Threat Landscape in Vietnam & the Outlook for 2023

Strategic thinking & a New Approach to Fighting Data Breaches

Top Trends of Cybercrime in the Period of 2023-2024

Implementation of New Generation of SoC in the Cyber Defense of Critical Infrastructures

How to Secure Data on IoT Devices

13:00 – 17:30

CONFERENCE SESSION 1

CLOUD DATA SECURITY

- The Current Status of Cloud Security in Vietnam and Orientation for 2023
- Cloud Security: The Next Big Switch & Manage Third Party's Security Risk
- How to Solve Complex Cloud Security Problems with AI
- Protecting Data at Speed: Security in the Hybrid Era (SASE)
- The Importance of Cloud Native Application Protection Platform (CNAPP)
- Complete your new Cybersecurity Plan with Hybrid DDoS Defense
- Zero Trust Segmentation: The Key to Cyber Resilience

- Outlook for Application Security 2023
- Data Loss Prevention (DLP) & Insider Threat Management
- Preventing Attacks on Mobile Applications
- Securing Data and Digital Assets with Attack Surface Management
- Apps, Wearables and Connected Devices: The Security and Privacy Challenges
- The Art and Science of Application Security Testing
- XDR: the Next Generation of Endpoint Security

13:00 – 17:30

CONFERENCE SESSION 2

DATA AND APPLICATION SECURITY

- The Trends of Identity in Financial Services (Customer Identity and Access Management)
- Accelerating the Path to Passwordless Consumer Authentication
- API Access Control - in and behind your API Gateways
- How to Authenticate and Protect e-contract
- AI-Driven Identity Security: Automate and Secure Access
- Ransomware Defense: Why PAM is Critical
- Solutions to Minimize Identity Breaches within Your Organization

13:00 – 17:30

CONFERENCE SESSION 3

THE NEXT WAVE OF INTELLIGENT IDENTITY & ACCESS MANAGEMENT SOLUTIONS

2022 FEATURED SPEAKERS

MR. NGUYEN THANH PHUC

Director General, Authority of Information Security, Ministry of Information and Communications

**COLONEL
DR. NGUYEN NGOC CUONG**

Deputy Director General, Department of Cyber Security and High-tech Crime Prevention, Ministry of Public Security

**COLONEL
TRAN DUC SU**

Director, Center for Information Technology and Cyber Security Monitoring, Vietnam Government Information Security Commission

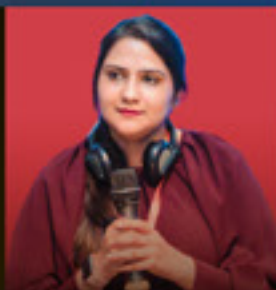

MR. LE CONG PHU

Vice Director, Viet Nam Cybersecurity Emergency Response Teams/Coordination Center (VNCERT/CC)

**MAJOR GENERAL
TONG VIET TRUNG**

Deputy Commander, Cyberspace Operations Command, Command 86

MS. ADITI JAIN

Principal Product Manager, ARCON TechSolutions Pvt. Ltd.

MR. PHAM MINH THUAN

Deputy Head of Cyber Security, Center for Information Technology and Cyber Security Monitoring, Vietnam Government Information Security Commission

MR. LE QUANG HA

Deputy CEO, Viettel Cyber Security

MR. PHAM ANH TUAN

Member of BoDs cum Director of Banking Technology Modernization Board, Vietcombank

MR. LE HOANG DUONG

Director of Cyber Security Center, FPT Information System Corporation

MS. YAKI YANG

Project Sale Manager, Hikvision

MR. XIAOXIN GONG

Senior Cyber Security Expert, Huawei Global Cyber Security and Privacy Protection Office (GSPO)

MR. TIM MCKENZIE

Principal Consultant for Trustwave, SANS Certified Instructor, SANS Institute

MR. NGUYEN MINH HAI

Security Consultant, Fortinet Vietnam

MR. PHO DUC GIANG

Director, PwC Vietnam Cybersecurity Ltd.

FEATURED SPEAKERS 2022

MR. VU ANH TIEN

Industry Principal –
Cybersecurity, Frost & Sullivan

MR. NGUYEN LE THANH

Vice President, VNG

MR. VALERIAN ROSSIGNEUX

Director, Sales Engineering
CrowdStrike
